

Dear Keith & Escort Limousine,

We can't thank you enough for adding to our wedding day memories. From the first time I spoke with you at Escort Limousine, I knew we chose the right limo service. You worked with me to find the perfect "ride" for our wedding party. It was wonderful to ride in style to the church, a classy black limo for the men and traditional white for the women. Then Glen and I and our wedding party were off to our reception at the SC Grand.

I have to share a story that sets Escort Limousine's service apart from the rest. When I arrived at the church there was a bride waiting in the lobby, I went upstairs to get ready. Soon we realized the bride and her wedding party were waiting because their limo never arrived. I knew our two limo's were outside the church waiting until our service was done. So I told the bride and her party to go ahead and use our limos. Our driver Dave was nice enough to oblige and certainly made the other bride's day. What reliable and friendly service!!

Thanks again for everything! You're the best!!

Sincerely,

*Jammy & Glen*
